HEALTHY INCREASE IN COMMERCE IS SHOWN

Will Exceed Former Year By Many Million Dollars.

STATISTICS OF THE GOVERNMENT

It is Shown that Our Trade With Non-Contiguous Territory Has Greatly Increased—Figures Only Relate to Merchandise, Gold Being Excluded.

Washington, Nov. 25.—The commerce of the United States with non-contiguous territory in 1905 seems likely to exceed by many millions that of any preceding year, according to a statement issued by the department of finance and labor through its business of statistics.

The bureau's nine months' statement ending with September shows that the shipments from the United States to its non-contiguous territory amounted to $36,552,174 against $29,929,079 in the corresponding months of the preceding year and that the shipments of merchandise to the United States from its non-contiguous territory in the same period amounted to $66,550,000 against $47,141,638 in the corresponding months of the preceding year. The figures given relate to merchandise only, and do not include the gold and silver, of which the shipments from Alaska to the United States were only $7,000,000 of gold produced in that territory and $5,500,000 of foreign gold shipped from Alaska being presumably that originating in territory adjacent thereto.

In the merchandise shipped from Alaska to the United States there is a falling off of a little less than $2,000,000 compared with the previous year. In shipments from the United States there was an increase of nearly $2,000,000 to Alaska, of over $3,000,000 to Porto Rico, about $1,000,000 to the Philippines and nearly $1,000,000 to the Hawaiian islands. In shipment from the non-contiguous territory to the United States there was an increase of about $5,000,000 from Porto Rico of over $4,000,000 from the Philippines and about $12,000,000 from the Hawaiian islands.

The statement makes comparisons of the contrast in the trade of the United States with the above named places with the period prior to annexation. In the nine months ended Sept. 1897, the year prior to the annexation of Porto Rico, the shipments of merchandise from that island to the United States amounted to $1,767,028 as against $16,176,676 in the nine months just ended. The nine months of 1897 the shipments from the Hawaiian islands to the United States amounted to $13,044,231 as against $35,639,791 in 1905. The shipments from the Philippines for the nine months of 1897 amounted to $3,362,060 as against $11,792,714 in 1905.

The estimate is made that the total commerce with the non-contiguous territory for the entire year of 1905 will approximate $125,000,000. The shipments of sugar from the Hawaiian islands for the nine months ended with September amounted to $33,115,471 of raw sugar and $1,752,791 of refined sugar. The shipments of refined sugar from Hawaii aggregated 633,136,858 pounds as against no shipments during the corresponding period of the preceding year. Porto Rico shipments of sugar amounted to $12,040,862 of cigars $1,812,535 and of leaf tobacco $262,651.

From the Philippines the most important shipments were, Manila hemp $9,592,857 and sugar $2,216,249.

Engineer Killed in Alabama.

Selma, Ala., Nov. 25.—Engineer Frank Hutchings, of the Southern, was killed at Columbiana this morning about 9 o'clock. He had stopped his train to make some slight repairs on the engine, and was under the engine at work when No. 7, running extra, struck the rear end of his train. His body was literally cut to pieces. No one else was hurt. The main line was blockaded for a few hours. Mr. Hutchings lived in this city. He leaves a wife and several children.

SECRET OF THE ORIGIN OF LIFE.

Discoverer of This Secret Says He Will Soon Give It to the Public.

Berkeley, Calif., Nov. 25.—Bit by bit Professor Jacques Loeb, the scientist, is completing the net of discoveries in the secret of the origin of life that it is hoped will evenuatlly make clear the life problem.

Today he added another to the many steps already taken in this direction. He announces a chemical method which he has employed in manufacturing eggs of a mollusk, the lottia giantica.

The result of Professor Loeb's experiments with these eggs of the mollusk have caused him to revise theories previously held. The experiments include testing of the effects of hypertonic sea water upon mollusk eggs, with a view to determining how fertilization might be accomplished, and also to determine whether the action of the sea water and its effect upon the eggs are of a physical or a chemical nature. Professor Loeb formerly believed the action was of a physical character, but now revises this opinion.

ATTACK MADE ON GAME LAWS.

St. Louis Dealers Claim that It Is Class Legislation.

St. Louis, Nov. 25.—Commission houses in St. Louis are up in arms against the new game law recently enacted by the state ligslature, the statutes being characerized as illegal from the fact, dealers allege, that they smack of class legislation.

St. Louis firms, it is said, are sending out printed matter telling of alleged discriminations the new law makes against the common people in favor of influential and wealthy gun clubs have influenced legislation in 45 states and territories. The notices say in part:

"Not only is every citizen of St. Louis deprived of the right to buy game or have it shipped to him from any point in the state are have it in his possession at any time but he is prevented from receiving any game from any other state or city—so that St. Louis is the only large city in the United Sates so hampered and imposed on."

The laws are declared by the commission men to be selfishly unjust.

IN FAVOR OF RECIPROCITY.

Want This Policy Pursued in Regard to Philippine Products.

Meriden, Conn., Nov. 25—Congressman E. B. Hill yesterday expressed himself strongly in favor of reciprocity with the Philippines.

It will be a great day for Connecticutt, he said, when reciprocity with the islands is established. From what I have learned during my trip to the islands it will be the means of adding a million or two dollars a year to the tobacco industry. I am convinced that with no tariff on Connecticut tobacco in the Philippines, thousands of pounds would be sold there each year.

During my stay in the islands I interviewed many of the largest tobacco manufacturers and they told me that with a Connecticut wrapper they could successfully compete with the Germans who are rapidly winning the trade of China and Manchuria away from them. The manufacturers are buying thier wrappers from Sumatra and the province of Isabella at a heavy expense.

I shall do all in my power to bring about the passage in congress of the Philippines reciprocity bill.

One Killed and Five Injured.

Harrisburg, Pa., Nov. 25.—One trainman was killed and five others injured in a wreck on the Pennsylvania railroad at Thompsontown early today. The wreck was caused by a rear-end collision between two freight trains going west. The mail train leaving Harrisburg at 4.40 ran into the wreckage blocking four tracks and delaying traffic several hours. All the coaches of the mail train were wrecked, but no damage was done to the mail. The wreck between the two freights is believed to have been caused by the failure of the engineer of one train to see the rear end of the other train on account of the heavy fog existing at the time.

SENATOR BURTON PLACED ON STAND

Tells of His Connection With the Rialto Company.

TESTIMONY CLEAR AND FULL

He Answered All Questions Put to Him by Attorneys Without Hesitation or Forethought—He was Assured that Company Was All Right.

St. Louis, Nov. 25.—Senator Burton took the stand in his own behalf today. Before any testimony was introduced Judge Vandeventer delivered an opinion in which he held that the defense would be permitted to introduce evidence to which an objection was sustained yesterday for the purpose of showing that the postoffice inspectors had communicated to the Rialto Grain and Securities company, at a time previous to the employment of Senator Burton by the Rialto company that the investigaion had shown the necessity for the issuance of a fraud order.

Under this ruling, Postmaster M. G. Price was recalled by the defense.

Mr. Price testified that he had made a report to his superior, Inspector Dice, that the condition of the Rialto company was not such that a fraud order was necessary but said he did not remember telling any one connected with the Rialto company anything to that effect.

Senator Burton was then called to the stand. He answered all questions in a clear, distinct voice, and apparently without hesitation or forethought. He frequently anticipated his counsel's question beginning his replies before the completion of the interrogation.

The senator's testimony in the beginning, followed closely that given in the former trial, with the exception that in describing his conversation with Thomas B. Harlan, Senator Burton laid special stress upon the fact that before the conversation relating to his employment by the Rialto company was started the train in which they were enroute from St. Louis to Chicago, had crossed the Mississippi and was in Illinois outside the jurisdiction of the court between which the case is to be tried.

Senator Burton testified tha during his conversation with Harlan who was the representative of the Rialto company he (Burton) used the following words in connection with his proposed employment:

"Now Mr. Harlan, let me understand you. I am a senator. This company is using the mails extensively. Is it contemplated in any way that I am expected to use my influence in the department directly or indirectly?"

His answer was very emphatic. He said:

"Now, senator, we do not want any influence in the department."

Referring to the compensation offered by the Rialto company in connection with his employment as counsel to appear in the defense of its president, Major Dennis, Senator Burton, said:

"I told him I did not want to enter a case of that kind as counsel for a rich man for a nominal fee of $400 or $500, and suggested a contract of $500 a month for seven months. When I received the letter notifying me of my appointment by the Rialto company, I went down to see Chief Postoffice Inspector Christian and inquired regarding complaints because I was naturally anxious to learn the standing of the concern with which I was to be identified."

Senator Burton testified that Cochran replied that there were two complaints.

"I then told Christian that I had been led to believe that the complaint grew out of the operations of a former concern, and that I had been assured that the Rialto company was all right. I then inquired casually about the procedure in cases of investigation, telling Cochran that I had an intention of appearing as the company's attorney and that the questions were prompted by a desire to ascertain what to avoid in my dealings with the department."

STEEL DRY DOCK FOR MANILA.

Will Be Towed Fourteen Thousand Miles to Its Destination.

Washington, Nov. 25.—J. O. Wood, a tugmaster of Norfolk, has just signed a contract with the navy department to go out to Manila on the D. D. Dewey, on one of the most remarkable cruises of modern times.

The D. D. Dewey means the big steel floating dry dock now at Solomon's Island in the Chesapeake bay, which is destined to dock the largest ships of the American naval force in the Far East if this great structure can ever be successfully piloted through four seas, the 14,000 miles lying between Chesapeake bay and Manila bay.

Mr. Wood is to live aboard the dock during the voyage. He anticipates one of the most pleasant experiences of his life. He will receive $250 compensation per month, his vessel will be so stable in the heaviest weather that it might be possible to play billiards aboard according to some officers, and he will have plenty of good company and solid comfort.

There is a permanent crew of eight, machinists, engineers, sailors and electricians and firemen, and these people are to remain attached to the dock at Manila. On the voyage across they will be reinforced by 22 sailors who will be discharged when they reach Manila.

CONGRATULATES HER KINSMAN.

Famous Southern Woman Takes Part of Midshipman Merriwether.

Nashville, Tenn., Nov. 25.—The venerable Mrs. M. C. Goodlett, of this city, honorary president and founder of the United Daughters of the Confederacy, has sent the following sustaining telegram to her young kinsman, Minor Merriwether, a midshipman at the naval academy at Annapolis, who is now standing a courtmartial in connection with his fatal encounter with the midshipman, Branch:

"To Midshipman Minor Merriwether, Annapolis, Md.: The blood of your revolutionary ancestors would have risen up against you had you done otherwise than accept the challenge of Midshipman Branch. Caroline Merriwether Goodlett."

Midshipman Merriwether is a near relative of Mrs. Goodlett. Young Merriwether is of an old family, and had several ancestors who fought gallantly in the revolutionary war; others of later date were distinguished on the southern side in the war between the states.

MEMPHIS PHYSICIAN GETS $10,000

His Reward For Keeping Yellow Jack Out of Tennessee City.

Chicago, Nov. 25—A dispatch to the Tribune from Memphis, Tenn., says:

Ten thousand dollars and a kiss from a leading society woman is the reward given to Dr. Haber Jones, president of the Memphis board of health in recognition of his successful efforts in keeping the city free from yellow fever during the recent visit of the scourge to the southern stats.

The check was the result of a subscription list taken up by influential citizens who quickly secured $10,000. The kiss was not on the program for the formal presentation, which occurred yesterday. The society woman was Mrs. James S. Robinson, wife of the millionaire pharmacist. Following the presentation of the check she walked up to the physician and without a word of warning kissed him squarely upon the lips.

The act took Dr. Jones by surprise, but he soon regained his composure.

Famous Fox Hunter Injured.

Hempstead, L. I., Nov. 25—Robert F. Potter one of the best known hunters of the Westchester club, came a cropper in the fox hunt of the Meadow Brook club yesterday that may have serious results. He was thrown with great force near the cheek and lay for a time unconscious. An examination showed that he had broken his collar bone. He was removed to a hospital. Mr. Potter is a son of the Edward T. Potter, and a nephew of Bishop Potter.

SULTAN WILL NOT YIELD TO POWERS

Rejects Their Proposition of Macedonian Reforms.

CHRISTIANS MAY BE MASSACRED

The Porte's Reply to the Demands of the Powers Contains a Thinly Veiled Threat of Turkish Outrages Upon Christians in that Empire.

Constantinople, via Sofia, Nov. 25.—The porte's reply to the demands of the powers is not only a sategorical repection of the demands but contains thinly veiled threats that the pressure of Europe wil possibly excite the Turkish population to reprisals on the Christians. He declares that the Ottoman government introduced the reforms asked by the Muerzteg program and says that if these did not entirely succeed the fault was in the hatred dividing the nationalities in Macedonia, and instigation from aboard.

The communication states that the Turkish government finds it absolutely impossible to accept financial control of Macedonia, as it would violate the sultan sovereignty.

After agreeing to the prolongation of the mandates of the foreign civil agents, the note concludes:

If the powers increase the pressure in order to compel the acceptance of the control scheme the imperial government declines all responsibility for the consequences, which may arise from the discontent among the public.

The latter part of the note implying the possibility of massacres has created a bad impression in diplomatic circles, where it is regarded as being a deliberate attempt to create artificial public excitement against financial reform with the object of intimidating Europe. At the same time it is recognized that there is danger of trouble in Macedonia and that the powers ought to have forces in readiness to act promptly at the first sign of an outbreak.

The foreign representatives are considering the question of increasing their number of their guards here in order to protect citizens of their nationalities.

Baron Marshall Von Bieberstein, the German ambassador, has again urgently represented to the authorities the advisability of accepting the powers' demands and thus prevent disagreeable consequences.

The News as London.

London, Nov. 25.—The foreign office informed the Associated Press today that the porte having refused to accede to the demands of the powerrs the naval demonstration will proceed, the matter now being in the hands of the naval commanders.

Will Have Naval Demonstration.

Paris, Nov. 25.—It is stated in official quarters here that the exchange of communications between the powers concerning Turkey's answer to their ultimatum have resulted in the practical determination not to consider the answer as postponing the naval demonstration which will proceed without further delay. It is understood that the warships of the powers are already moving from Pieraeus. Their objective is not yet definitely stated, but the island of Mytilene still appears to be the objective applicable to the situation.

French Cruiser Sails for Venezuela.

Paris, Nov. 25.—A dispatch from L'Orient says the French cruiser Jean Bart, will take on her armament December 17th, for the purpose of forming part of the division charged to make a demonstration in Venezuelan waters. The ministry of marine, however, will not give any additional details. The foreign office officials insist that no decision has yet been taken to use force, but they add that the naval branch is taking preparatory measures so as to be ready in the event of the failure of the negotiations to secure a pacific solution.

A BIG BLOCK CHANGES HANDS

J. J. Haymans of Lochloosa Purchases T. V. Porter Block.

CONSIDERATION WAS $12,000

Building Was One of the Most Substantial in the City and Rents at a Good Sum—Deal Which Shows Confidence of Outsiders.

Another important real estate deal has transpired in Gainesville, which is evidence of the great confidence which is being manifested by outsiders in the future of the city. These outsiders have seen the rapid advancement of Gainesville within the past two or three years, which has probably not been exceeded in any interior city in Florida; they notice also that instead of an abatement this building boom is increasing, and many are taking advantage of the opportunity to either buy or build.

A day or two recently J. J. Haymans, the naval stores operator of Lochloosa, purchased what is known as the T. V. Porter block, corner West Main and East Union streets, the consideration being $12,000. The building in question is a two-story brick structure, containing two large stores on the ground and office rooms on the second floor. The building is in excellent repair, and owing to its location commands good rents and steady demand.

Friends of Mr. Haymans are congratulating him upon this acquisition to his city properties.

MELTON'S NEW MILL

Is Modern and Has a Cutting Capacity of 50,000 Feet Per Day.

The new sawmill of C. E. Melton at Micanopy has been completed, and the steam was turned on to the machinery for the first time Friday.

It will be remembered that some time ago Mr. Melton, who owned a comparatively small mill, had the misfortune to lose the same by fire. A large quantity of lumber upon the grounds was saved by heroic efforts, but just one month later, to the day, this lumber was consumed by fire.

With a determination not to be outdone, Mr. Melton immediately arranged for the construction of a larger and more modern lumber cutting plant, with the result that he now has one of the largest and most modern mills in this section of the State. The enterprise will prove a good thing for Micanopy commercially, as a large number of hands will be employed.

There is reported to be an abundance of fine timber in the Micanopy section.

A Guaranteed Cure For Piles.

Itching, blind, bleeding, protruding piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

BARGAINS IN MEDICINE.

A woman once wrote us that she was not going to buy Scott's Emulsion any more because it cost too much. Said she could get some other emulsion for less money. Penny wise and pound foolish. Scott's Emulsion costs more because it is worth more—costs more to make. We could make Scott's Emulsion cost less by using less oil. Could take less care in making it, too. If we did, however, Scott's Emulsion wouldn't be the standard preparation of cod liver oil as it is to-day.

LAKE CITY COTTON GROWERS

Will Organize a Long Staple Association November 28th.

There will be a meeting held at Lake City, Tuesday, November 28th, for the purpose of organizing a Long Staple Cotton Growers' Union. Harvie Jordan will be present and address the meeting, besides other good speakers, when the cotton situation will be explained. The following is the program:

Meeting called to order at 11 a. m.

Addresses of welcome by Mayor J. E. Inman and Hon. R. T. Boozer—five minutes each.

Response—To be supplied.

Address—Advantages of Organization to the Producer—Hon. Edwin Brobston of Jacksonville.

Address, introducing Mr. Jordan—Dr. A. J. P. Julian.

Address—Hon. Harvie Jordan, president of the Southern Cotton Association.

Organization and adjournment.

A rate of one fare and a third, plus 25 cents, has been secured on the railroads. Be sure and get a certificate from the agent when you purchase ticket, which will be endorsed at the meeting.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cough or cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and $1.00; guaranteed at all drug stores. Trial bottles free.

Saturday Morning Fire.

An alarm of fire was turned in from Box 54 an 2:45 o'clock yesterday morning which summoned the department to a small house owned by B. F. Hampton, West Columbia street, and occupied by colored people. Owing to the early hour and the great distance from the station, together with the fact that the alarm was not turned in until the flames had gained quite a headway, the roof was destroyed. Some of the furniture in the house was also considerably damage. It is believed the origin of the fire was incendiary.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives," say R. D. Webster & Co., Udora, Ontario, Canada. For sale by all druggists.

The Service of Prayer.

The services of the week of prayer held by the Woman's Foreign Missionary Society of Kavanaugh Methodist Church during the past week have been well attended and full of interest. These ladies deserve great credit for their earnest Christian work. This society has grown very rapidly in numbers during the year. The efficient president, Mrs. T. F. McBeath, has been very zealous in the work, and she has every reason to be gratified at the progress made.

AN ENJOYABLE HOP.

Young Men Entertained in Clever Style Friday Evening.

A party of young men of this city tendered an informal hop, complimentary to the young ladies, at the armory Friday evening, which proved one of the most delightful informal functions of the season.

There were present upon this occasion the following: Miss Richards, Miss Bodiford, Miss Eva Haile, Miss Nichols, Miss Wilcox, Miss Miller, Miss Catherine Hampton, Miss Minna Hampton, Miss Ross, Mr. and Mrs. W. E. Dow, Mr. and Mrs. H. L. Hutchinson, Mr. and Mrs. J. M. Turner, Jr., Mrs. Dr. B. P. Richards, Mrs. K. A. Taylor, Mrs. W. B. Taylor and Mrs. J. W. McCollum; Messrs. A. M. Dickson, Lee Graham, James B. Dell, Henry Davis, B. H. Chase, A. J. Doyle, Wade Hampton, Howell Sheats, M. C. Sale and Benj. K. Thrower.

The party "tripped the light fantastic toe" until the mid-night hour, when all retired a tired but well contented lot.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Death of Carl Bruton.

Carl Bruton, seventeen years of age, son of Mrs. S. M. Bruton and nephew of Mrs. Chas. J. Mixon, died at his home in Southwest Gainesville at 12:30 o'clock Saturday noon, after an illness of only two days, with hemorrhagic fever. Deceased was a very popular lad among his associates and his sudden death proved a great shock to them, as well as his family.

The funeral will be held from the residence at 10 o'clock this morning, Rev. S. B. Rogers of the Baptist church officiating. The interment will be in Evergreen cemetery.

The Sun, with other friends, extends sympathy. All friends of the family invited.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Big Timber Deal.

It is rumored that a big timber deal was consummated in this city a day or two recently, when Perry M. Colson, representing the Wade & McNair Land Company, sold to B. B. Lowman of Raleigh a tract of timber comprising 30,000 acres near Archer. The rumor could not be verified, owing to the inability of The Sun representative to see any of the parties interested, but those in a position to know relate it is a fact.

It is not known for what purpose Mr. Lowman expects to use the timber.

Worm Destroyer.

White's Cream Vermifuge not only kills worms, but removes the mucous and slime in which they build their nests; it brings, and quickly, a healthy condition of the body, where worms cannot exist. Sold by W. M. Johnson.

Will Overhaul Battleship Oregon.

Washington, Nov. 25—As soon as the historic battleship Oregon, now under orders to return home from the Asiatic station, reaches American waters she will be sent to a government navy yard and placed out of commission for a thorough overhauling. Having served in the first line, she will, when commissioned, be placed in the second line of defense, use being found for her in home waters.

Thus cried the hair. And a kind neighbor came to the rescue with a bottle of Ayer's Hair Vigor. The hair was saved! In gratitude, it grew long and heavy, and with all the deep, rich color of early life. Druggists have sold it in all parts of the world for 60 years. J. C. Ayer Co.

SORES-ULCERS THE BLOOD DISEASED -SYSTEM DISORDERED

When a Sore or Ulcer is slow in healing it is the best evidence of a diseased condition of the blood and a disordered system. They show that the bodily impurities, which should pass off through the natural channels of nature, are being retained in the system from some cause. The blood absorbing the waste matters becomes steeped in poison which finds an outlet through the Sore or Ulcer, keeping it inflamed, painful and festering. As the blood constantly discharges its poison into these places, they eat deeper into the surrounding flesh and tissues, growing larger and more offensive in spite of all the sufferer can do, until the entire health is affected. Washes, salves, powders and such treatment are desirable for the reason that they are cleansing and also help to relieve the pain, but they are in no way curative. The blood is filled with poison, and until it is removed the sore cannot heal. S. S. S. is the only cure for these evidences of impure blood. It goes down to the root of the trouble and cleanses the circulation of all poisons and impurities. S. S. S. enriches the blood and reinvigorates the different members of the body so that the impurities and waste matters can pass off as nature intended. Then the discharge ceases, the sore scabs over, new flesh is formed, and the place heals permanently. ok on Sores and Ulcers and any medical advice you need without charge

I have not words strong enough to praise your great medicine. I had a sore on my left temple for years. It would itch, burn and bleed, and I could not get it to heal. After taking S. S. S. awhile it began to discharge, and when the poisonous matter was out it healed. this was about ten years ago and I have never seen any sign of it since.

HOLLOWAY WALKS FROM COURT HOUSE ONCE MORE A VINDICATED MAN

This Famous Case Was Concluded at Midnight Saturday.

LASTED FOR THREE DAYS

Was Vigorously Contested From Every Legal Technical Standpoint by Some of the Most Talented Members of the Florida Bar.

"We, the jury, find the defendant, W. M. Holloway, not guilty. So say we all. F. T. BAKER, Foreman."

This was the verdict of the jury which held the destinies of W. M. Holloway, State Superintendent of Public Instruction, in their hands. The verdict was returned at four minutes of midnight, and the suspense of a great many of Professor Holloway's friends was relieved, as it was feared at one time the jury would hang over Sunday. This suspense was not occasioned, however, on account of lack of confidence in the verdict, as the case was so clearly defined and the evidence introduced during the three days' trial so lacking of convicting strength that there was really no case. Of the four counts presented, by order of the court, only one was accepted, and that was the charge published in an article by Professor Holloway in The Sun, on December 24, 1903, under the caption, "The Booker Washington Affair."

The evidence being in, argument in the case was begun the middle of the afternoon. The argument was opened by Attorney J. M. Rivers for the defense, who made a fine plea. He was followed by Attorney B. A. Thrasher, who made a good, strong talk for the State. Attorney Alex St. Clair-Abrams was the last speaker for the State in the afternoon, when court adjourned until half-past seven o'clock.

Court House Was Crowded.

When court convened in the evening the court room was crowded with many of the best people in Gainesville, including a number of ladies. The argument was opened by Attorney Syd L. Carter for the defense, who exercised his usual eloquence. He was followed by State's Attorney Calhoun, who, in a most forceful manner, endeavored to impress the jury in the interest of the prosecution. Attorney Frank Clark, for the defense, closed. Mr. Clark, as is well known, is one of the most eloquent speakers in the State, and he proceeded in a masterly way to tear the evidence and argument into shreds. He spoke an hour and twenty minutes and made every word count with the jury.

Judge Wills' Charge.

The charge by His Honor Judge Wills to the jury was a most precise, clear and impartial one. This charge was completed at 10:40, and three minutes later the jury had filed into the jury room. The verdict was returned in one hour and thirteen minutes, only an instant before the clock was striking the hour of midnight.

The jury in the case were F. T. Baker, foreman; W. D. Tillman, John D. Polk, J. C. Baxley, J. M. Manning and M. E. Jolly.

History of Case.

Inasmuch as this famous case has been on the docket of the circuit for the past two years, having been postponed from time to time, it may be well to give a short synopsis:

During the campaign of 1904, W. N. Sheats, at that time the incumbent and Wm. M. Holloway, then County Superintendent of Schools of Alachua county, were candidates for the office of State Superintendent of Public Instruction. Mr. Sheats, upon the occasion of a State convention of county school superintendents and the General Educational Board in this city, invited Booker T. Washington, the famous negro educator, to make an address in Gainesville. Mr. Sheats alleged that a letter addressed to another party in this city informing him of his action in the matter, came into possession of Mr. Holloway, after which Holloway caused an interpolation purposed to change the sense of the same, and to convey the impression that he (Sheats) had invited Washington to speak in the auditorium of the school used for white people. What was purported to be a copy of this letter was furnished as campaign literature by Mr. Holloway and published in The Sun, along with other campaign matter. The result was that Mr. Sheats caused the arrest of Mr. Holloway upon a charge of criminal libel.

The above are the facts in the case in a nutshell, and the ground upon which the same was brought. It was one of the most closely and vigorously contested cases ever presented in this county, some of the best legal talent in the State being employed on both sides.

THE DISTRICT CONVENTION.

Masons of the Eleventh District Had a Fine Session.

The district convention of the Eleventh District, F. & A. M., which was held in this city with Gainesville Lodge No. 41 Thursday and Friday evenings, was well attended, every lodge in the district sending representatives. The convention was presided over by D. D. G. M. A. M. Cushman, one of the most widely known and best posted Masons in the State. The work was exemplified under direction of Most Worshipful Grand Master Chas. W. Johnson of Jacksonville and Past Grand Master Marcus Endel of this city. After the meeting Friday evening an oyster supper was tendered the visiting brethren, which it is needless to add was greatly relished.

Cold Storage Meats.

Those who raise their own hogs and cattle to supply themselves with meats should bear in mind that the Diamond Ice Company of this city and Alachua can prepare their meats in the best manner at either place. Those who have patronized the cold storage plants of this company have obtained the best results. Manager Livingston informs The Sun that the plant at Alachua is prepared to give as good service as the one in this city, which will be a great convenience to the people of that section.

An Error Corrected.

The report that Nobie Strobhar, who was injured at High Springs on the A. C. L. railroad, several weeks ago, had to have another operation performed on his arrival at Waycross hospital is without foundation.

At the time of the injury his foot was amputated at the ankle by Dr. William Sutherland of High Springs, surgeon for the road, which was a thorough and careful operation, and the only thing done for the wound on the arrival of young Strobhar at Waycross was to have it dressed again, and his friends say he is rapidly recovering.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by all druggists.

Spring Park Exhibit.

Friends of Manager Callison, of the Spring Park Stock Farm Company, to whom was awarded thirty-four premiums on his live stock exhibit at the State Fair, will congratulate him, although it was no more than was expected, as it was by far the best and most attractive exhibit, notwithstanding that the entire live stock department was filled with choicest registered breeds. The exhibit of Spring Park Farm was diversified, comprising Hereford and Jersey cattle, Berkshire hogs, Angora goats, collie dogs, bronze turkeys and other poultry.

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive, as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

SEA ISLAND COTTON GROWERS.

Meet at Valdosta and Organize an Association and Elect Officers.

Valdosta, Ga., Nov. 25.—The sea island cotton growers of Georgia and Florida met here and perfected an organization which is to be an auxiliary of the Southern Cotton Growers' association. Harvie Jordan was present and spoke. He was elected president of the association, and J. Williams, of Alachua, Fla., vice president, and F. G. Shell, Lake Butler, Fla., secretary.

Resolutions were adopted asking the department of agriculture for fuller and separte reports on sea island cotton. Resolutions was also adopted pledging the members to improve the staple as much as possible.

The name of the association was fixed as "Sea Island Cotton association," and it was determined to perfect an organization in every county and militia district in the sea island belt.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Roosevelt Appoints Governor.

Washington, Nov. 25.—President Roosevelt today authorized the issuance of the following statement: The president announces the appointment of Herbert J. Hagarmen, of Sewell, N. Mex., as governor of New Mexico to take effect at the expiration of Governor Otero's time, Jan. 22, 1906. There has been a bitter factional quarrel in New Mexico for some time, and in view of it the president thought it best to select a man who was in no way connected with either of the factions. Mr. Hagerman was strongly recomended to the president by Secretary Hitchcock.

Frenchman Discovers New Comet.

New York, Nov. 25.—A cable dispatch to the Herald from Paris says that M. Camille Flammarion, an eminent French astronomer, writes that the observatory of LaPlata announces the discovery of the Bernard comet of 1892 in the neighborhood of Saturn. M. Flammarion says this comet is probably a fragment of the Wolf comet, which presumably broke up in 1840.

SUNSTROKES.

A revolution in Turkey is looked for in a few days. It may come in this country about Thursday with a terrible massacre.

The law prohibiting the sale of liquor does not prohibit its sale, neither does the law of nature prohibit some people from making Jerusalem ponies of themselves. Laws as well as some people need to have guardians.

Never stop running before the goal is reached because your adversary is a little in the lead. He may fall down at the next step, when you can be an easy winner. It is better to be second than to be ruled out.

The man who leaves town by the suicide route doesn't have any stop-over privileges nor get any return ticket. But it is considered the cheapest route.

The man who is lonesome when away from his wife is quite a novelty in this day and age, yet there are a few isolated cases that we have heard of in the past few months.

Secretary Shaw has made several speeches in Tampa without having an injunction served on him. Perhaps they are afraid that he has the money to fight it, being mixed up with the United States treasury.

Teddy Roosevelt, Jr., is a football player, but when the opposing team got to kicking him around the field he thought they had taken him for the pig-skin. You can't tone down football any more than you can war.

If the people want to know what local option will do for a town, just let them turn to Starke. Bradford county went for prohibition and now the people of that place appear with laundered linen and their shoes polished. Before they fired the saloons they devoted all their spare change, and some they could not afford to spare, to polishing their nasal organs.

The grand jury, which made its presentment to the circuit court the other day, is certainly to be commended for honesty of purpose. If our county can have such men to do the work for the best interest of the people we need have no fear for the future. The man or men who do their duty fearlessly are what we want.

A woman of 57 years married a man of 26 at Albany, N. Y., and her remains have been found in a trunk. Her young husband probably wanted her to travel by a trunk line.

Judging from the reports of the grand juries about the State, the law does not put a stop to the attempts at murder, yet it is just as severe as the local option law.

The King and Queen of Italy have won the hearts of their people by visiting the sufferers from the recent earthquake and relieving them from their distress.

It is announced that Sam Small is going to Washington to do editorial writing on Mr. Hearst's paper. He is abundantly qualified.

A TERRIBLE FRIGHT.

The people of Ocala, business men, newspapers and all, are afraid that city's only attraction—the saloon—will be taken away from them and one of her citizens has a communication in The Daily Banner from which we make the following extractions:

"I wonder if these prohibitionists who admire Gainesville so ardently and hold up that town as an example and leader for Ocala expect the business men here to be influenced or controlled by Gainesville's boasts and claims.

"Gainesville has always been so friendly and neighborly to Ocala! Yes, indeed.

"She loves us so that she is ready to give free advice and friendly counsel about prohibition.

"It was Gainesville that by unfair means and underhand methods robbed Ocala of the East Florida Seminary."

In answer to the first paragraph, it is well known that the business men of Gainesville sell more groceries and less "grog" and have less bad debts to collect through the workings of prohibition. The city has advanced under prohibition in the last two years more than in any ten years previous for the past forty years. This statement was obtained from a gentleman who has resided here all that time and is in a position to show the figures.

As to being "friendly and neighborly to Ocala," Gainesville has only taken what Ocala made a failure of and put it on a sound basis until the one who gave it took it away.

"One thing Gainesville is to be commended for. She looks out for her own interests," says the correspondent.

"In order to hold her own as a college town against others and to assist her in gaining the University, she deemed it necessary to 'go dry.' Being ambitious to advertise herself as a college town she proceeded to adopt prohibition."

Here The Banner correspondent falls down. Gainesville voted for prohibition for her own good and the good of the rising generation in June, 1903 The Buckman bill, to abolish all the State schools and locate a new State University, was passed in May, 1905. Gainesville people never dreamed of such a measure when she voted for local option. Its progenitors were in another county, and would now do all in their power to destroy the workings of the bill regardless of the interests of the people.

Alachua county officers are doing all they can to check the illegal selling of liquor within its borders. In regard to the large number of cases of the illegal selling of liquor reported, we refer to a part of the presentment of the grand jury which says:

"We find that nearly one-half of the cases before us for consideration during this term have been for the sale of intoxicating liquors in this county. We are of the opinion that the standing reward of $50 for the conviction of persons engaged in this unlawful business is largely responsible for the large number of cases before us. From our investigations of them we are led to believe that in many instances parties have been informed against, either from motives of personal enmity or desire to earn the reward, or both. It occurs to us, aside from the enormous expense that the payment of these rewards will impose upon the county (if the present term of court is an indication of what will happen in future), that this reward is a dangerous precedent by reason of the fact that in many instances witnesses in cases of this character are people to whom the large sum of money might be an inducement to present cases against persons who might not be violators of the law."

The prohibition law, it will be seen, is not to blame for the foregoing. It keeps its part of the compact the same as any other good law, and like all others can be abused by unprincipled specimens who would swear to anything for a sum of money, as well as the slave of liquor who would swear to anything for a drink.

No, indeed, Gainesville's prosperity and advancement does not depend on the saloon, for without it we have more contented and happy people than it ever gave us. We have no places along our public streets where ladies are afraid to pass from fear of obscene and insulting language that frequently comes from such places, where men can obtain that which will steal away their brains.

"Gainesville looks out for her own interests," says The Banner correspondent, which is true, and that is the reason she has "fired out" the saloons.

The truth of the statement that our city looks out for its own interests should not be a thing to be ashamed of; but when we win by fair means it is not very pleasant to be accused of dishonest methods. The people of this city can well afford to be proud of its natural advantages, which are readily discerned by all who come here. We have as good a town as any in Florida and a heap better than some.

The people of Tampa are putting forth an extra effort to entertain Secretary Shaw in a "hostile" manner. The Current Events Club of that city will keep him posted.

There is a crew of 300 men now at work on the Live Oak, Perry & Gulf Railroad in the vicinity of Mayo, and it is expected that they will begin laying rails into Mayo within a short time. They are now having a little trouble in securing the right-of-way.

The trial of W. F. Williams for the murder of Ed Danesby at Pensacola will be begun at Marianna on Monday next. Williams killed John White, his employer at the same time and wounded White's son, for which he was found guilty and recommended to mercy.

The people of St. Augustine waited at the opera house two hours one evening last week to hear the performance of "Faust" by Lewis Morrison, but will not wait to hear the minister preach a "Mephisto" sermon two minutes. Of course the minister don't have the mechanical effects.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared. For sale by all druggists.

GEORGIA BAPTISTS IN SESSION.

Over 1,000 Delegates Attending the Association in Macon.

Macon, Ga., Nov. 25.—When ex-Governor Northen called the Georgia Baptist convention to order Thursday in the First Baptist church, the auditorium of that edifice was filled with delegates from every section of Georgia.

Over 1,000 were present and they flocked to Macon from every corner of the state. In addition to the delegates, there were others present, which completely crowded the church and made it necessary to place chairs in the aisles.

The morning session opened with devotional exercises, led by Rev. Dr. L. M. Brittain, of Atlanta, after which the regular order of business was taken up.

The election of officers for the coming year was attended to as soon as the enrollment of delegates had been finished, and it resulted in ex-Governor W. J. Northen being re-elected president without opposition. General E. D. Huguenin has resigned as treasurer, but so far no one has been elected to succeed him. The following other officers were elected: B. D. Ragsdale, secretary; C. B. Chamblee, assistant secretary; and C. B. Willingham, J. C. Soloman, J. S. Calloway and G. B. Campbell, vice presidents.

In an eloquent address Frank A. Mallory, of Macon, welcomed the delegates to Macon, and this was responded to by Dr. W. A. Smith, of Columbus.

No Poison in Chamberlain's Cough Remedy.

From Napier (New Zealand) Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by all druggists.

Premier Balfour Resigns.

London, Nov. 25.—Tremendous activity developed in political circles consequent on the circulation of a well founded report that Premier Balfour had decided to bring his ministry to a close and to directly or indirectly, appeal to the country. Rumors regarding the resignation of the cabinet and the dissolution of parliament have been thick for three months past, but when two of the leading government organs today, almost in the same terms, "suggested" the immediate resignation of the premier on account of the unmendable breath in the unionist party over the fiscal question, the "suggestion" was looked upon as having been inspired by Mr. Balfour himself.

Man's Unreasonableness

Is often as great as woman's. But Thos. S. Austin, manager of The Republican of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

Chorus Girl Fined $15.

New York, Nov. 25.—Because she would not wear a tiny British flag in night the Prince and his staff were attending the theater, May Leslie, a chorus girl, was fined $15 and yesterday served notice of suit for damages against the management. The flags were sent to the theater by British officers and the girls in the chorus were instructed to wear them. Miss Leslie, who is Irish, refused point blank. "I'm not the first Irish martyr," she declared.

Constipation.

Health is absolutely impossible if constipation be present. Many serious cases of liver and kidney complaint have sprung from neglected constipation. Such a deplorable condition is unnecessary. There is a cure for it. Herbine will speedily remedy matters. C. A. Lindsay, P. M., Bronson, Fla., writes, Feb. 12, 1902: "Having used Herbine, I find it a fine medicine for constipation." 50c a bottle. Sold by W. M. Johnson.

A Test Will Tell

What Liquozone Can Do for You--and It Is Free.

You who are waiting—we ask you again to try Liquozone; to try it at our expense. You'll regret this delay when you learn what the product means to you.

Do as millions have done—stop doubting; give Liquozone a test. Then judge it by results. Germ diseases—and there are scores of them—call for a germicide. Those are the diseases to which Liquozone best applies. Don't cling blindly to old-time remedies, if you don't find them effective. Let us prove the power of the new.

What Liquozone Is.

The virtues of Liquozone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide.

Contact with Liquozone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquozone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquozone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquozone after thousands of tests had been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquozone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—at our cost—what Liquozone can do.

Where It Applies.

These are the diseases in which Liquozone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

Disastrous Fire in Tennessee.

Nashville, Nov. 25.—A fire at Dickson, Tenn., at an early hour this morning destroyed almost the entire business and much of the residence portion of the place, entailing a loss of property estimated at $150,000, about 65 per cent of which is covered by insurance. Among the sufferers were the following: W. T. Early, grocery store; Hagan & Wilson's grocery and meat store; G. W. Dodson, dry goods; the postoffice, the Verdik Pritery; Brown's drug store; Henlee-Holland dry goods; First National bank, Wynns & English, drug store; Dickson Mercantile company. The fire started on Main street in a candy kitchen.

If the Baby is Cutting Teeth

Keep Your Head Clear

And your stomach free from Indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made, and in many instances it is so much more palatable.

OUR WEEKLY NEW YORK LETTER

The Knitted Sweater in Smart New Models—Derby Jackets the Latest Vogue—Bewitching Scarfs and Evening Shawls of Egyptian Lace and Syrian Net.

By RENE DEVERAUX.

Among the multitude of whimsical extravagancies of dress indulged in by the woman of fashion from season to season an occasional really practical, sensible vogue stands out gloriously in relief, "like a good deed in a naughty world."

Those women who have muffled themselves up, safe from the penetrating cold of a bleak day, in knitted sweater pulled well up around the throat beneath the rain coat, or giving additional comfort while motoring or tramping, know just how satisfactory a fashion the introduction of these soft wool garments ushered in. That their real worth is appreciated is indicated by the continued vogue from season to season, each year bringing a number of smart new models, splendid improvements on those of the year before. Whether or not increased facilities for making are responsible, as the demand for these garments increases their scale of prices grows beautifully less until a well made sweater or golf vest is now within the means of all, and surely no woman who values her health should be without one in some shape or form.

The scarlet Norfolk, belted and buttoned down the front with white pearl buttons, is exceedingly smart this season and delightfully comfortable for golf or tennis. Beneath the box coat the sweater blouse is conveniently worn. Most of these are made with knitted rolled collar, which may be turned up around the throat if desired. Some smart new models are of white, with collars and cuffs of modish colors.

A loosely knitted white sweater was a blouse model with a broad stylish collar of dark blue and green, closely knitted in blended stripes. The front

STYLISH AND SERVICEABLE IS THIS NEW MODEL LOOSE SWEATER.

was fastened with large white pearl buttons and finished at the waist line with a broad knitted girdle effect, snugly fitting.

White with red rolled collar and cuffs and solid colors look well when the coat is slipped off, the fashionable cut of sleeves and other details being extremely becoming.

Quite the newest model is the derby jacket, made entirely without fullness, fitting the figure as did the old time jersey. These are knitted with a decided flare over the hips and may be advisedly worn by even the woman of most generous proportions.

It is rather disheartening to the returning summer girl who knitted her own sweater during her leisure hours at the seashore to find such beauties ready made at prices from $2.75 up. "These are not handmade," she contends, "but they are really stunning!"

Less practical, but so pardonably charming, are the numbers of exquisitely dainty scarfs temptingly displayed on every side and which seem just planned for holiday gifts. Egyptian lace scarfs two and a half yards long, worked in elaborate patterns of gold fiber silk upon heavy net; Syrian spangled net scarfs of shimmering silver, wonderfully handmade; scarfs of dull gold and silver net, a trifle heavier than Brussels net—all these are to peep from the neck of the evening coat or hang loosely when the coat is worn open.

Very lovely little embroidered Chinese crepe shawls, a yard square, with tied fringe, are prettily folded in a small square box, ready to slip the card in and send away as a Christmas greeting. A dollar or so less than five sends one of these on its way rejoicing.

For almost the same price was a charming Pompadour silk scarf with soft pink roses artistically scattered over its white ground, and a much more costly black net scarf thickly embroidered in dull rich gold.

The New York girl this season is wearing more violets than ever before, the purple tinted tin foil and lavender cord and tassel being dispensed with and their natural fresh green stems being held in place by a simple satin ribbon bowknot. Other purple flowers are greatly in demand.

[Our readers may have any question concerning fashion or fabrics answered without charge by Rene Deveraux, the fashion expert, by addressing Rene Deveraux, P. O. Box 2689, Madison Square, New York, inclosing stamp for reply.]

Remember you can work a horse or a mule bought of W. R. Thomas ten days and return him, getting every cent of your money back if not satisfied, but we do not defy competition. W. R. Thomas.

Rev. R. J. Wells and family of Key West are spending a few days with friends in Micanopy. They are well known throughout that section, and it is needless to add that they are being warmly welcomed.

Will McIver, the negro who was brought here for estreating his bond, and placed in prison, has been released, having paid the bond, together with costs, aggregating $33. He was convicted of gambling.

D. A. Robertson expects in a few days to open a feed stable and wood yard on West Union street, between S. Garden and S. Pleasant. Announcement will appear later in The Sun in the form of an advertisement.

Devoe's Paint has been thoroughly tried in this climate and is guaranteed to spread better and last longer than any other sold in Gainesville. The S. J. Thomas Company.

Robert Adams, formerly of this city but now "from everywhere," was here yesterday, and his old friends were glad to see him. He was en route to Ocala, where he will visit his mother, Mrs. J. N. Edwards, for a few days.

John W. Ettel of the Brown House, Gainesville, and the Hamilton, White Springs, was a business visitor to the city yesterday. Mr. Ettel resided here and was manager of the Brown House for some time and himself and good wife became very popular not only with the traveling public but the people of Gainesville as well. He reports a fine business at the Hamilton.

The committee on social of the P. O. S. of A., T. P. Hilton, H. J. Riles and C. A. Harrod, requests The Sun to announce that the social which was to have been given next Wednesday evening has been postponed until further notice.

S. H. Benjamin of Micanopy was in the city yesterday. Mr. Benjamin has just completed a brick block containing three handsome, commodious stores on the lot where his former store stood. The building is a credit to Micanopy.

J. F. Bunch and H. S. Graves have returned from the State Fair, where they have been looking after their respective exhibits of fertilizers and nursery stock, both of which were very creditable. They are well pleased with the Fair.

For Sale Cheap—Small brick making plant, comprising one Nagel engine and boiler, 30 horse-power Henry Martin letter "A" brick press, pug mill, sander, elevator, hand press, shafting, etc., all under cover and been very little used. J. M. Dickinson, Narcoossee, Fla.

The Sun of a day or two recently mentioned the fact that Mrs. S. V. Duke was in White Springs. This was an error, as the lady is at Heath Springs, S. C., where she is visiting her sister, Mrs. S. Adams. Friends will be gratified to learn, however, that she is greatly improved in health.

The Rev. E. W. Way of Dalton, Ga., who is the guest of Pastor Hay of the First Presbyterian Church over Sunday, will occupy the pulpit of the Presbyterian church this morning. Mr. Way, who formerly officiated at this church, is known as a brilliant pulpit orator and his many friends will be pleased to avail themselves of this opportunity to hear him again.

J. B. Martin of Alachua is in the city. Mr. Martin is employed as a solicitor by the National Union Fraternal Life Insurance Company of Georgia, of which W. G. Richardson is district manager. He is very successful, and states that he succeeded in writing one family, John P. Sapp and family, of Baker county, $30,000 Friday. He is not convinced that Friday is an unlucky day.

Among the late arrivals who have come to make Gainesville their home are Andrio Ravouhey and Alex. Chresostomidhes of Rhode, Island of Turque, who arrived Friday. The latter is a son of A. Chresostomidhes, while the latter is a nephew. Young Chresostomidhes is an American by birth, first seeing the light of day at Dupont, Ga., but he left this country when four years of age, and was reared on the Island of Turque, city of Rhodes.

John V. Denton of New York, wholesale commission merchant who is working throughout the State in the interest of his house, arrived in the city yesterday from South Florida. Mr. Denton believes the State will produce this year 2,000,000 boxes of citrus fruit. He is very much gratified also to notice that the fruit this year is of better quality, and better carrying quality, than last. The greater part of the fruit shipped this season has been bought on the tree and packed by commission houses. The season is not yet half over.
